0-hr.com

Future Armada: Lakota is copyright © 2009, Ryan Wolfe

Overview

The purpose of this document is to show you what you can expect should you choose to invest in *Future Armada: Lakota*. The images on the next couple of pages are low-resolution thumbnails meant to provide a general idea of what is inside each book.

Specifically, this is what you're looking at:

- **Page 3**: Main Book. Brief descriptions are given for each area of the vessel, and composite maps are provided so it is easy to put the pieces together. The Open Game License is utilized to present stat blocks familiar to players of the futuristic version of the world's most popular role playing game. Note that these are the same mechanics as have always been found in Future Armada. Only the license, logo, and legal details have changed.

- **Page 4 (left side)**: Color Maps. The map book provides tactical maps (1 inch = 5 ft.) for the interior areas of the ship. The pages are designed to be printed out and laid edge to edge.

- **Page 4 (right side)**: Printer Friendly Maps. A grayscale version of the color map book is provided. The right side of the image shows the same pages from that book.

- **Page 5**: Sample Map. This is a single page from the color map book, ready to be printed out and used with miniatures. The maps are designed to be laid end-to-end as needed.

- **Page 6**: Bonus Art. Two of the rendered 3D exterior views are show. The actual pictures are 800x600 jpeg images. This product also includes a poster-size jpeg of the entire ship at 1 inch = 5ft scale.

- **Page 7**: Add copy from the sales web page.

Thank you for taking the time to explore this product. I hope that *Lakota* can be of service.

LAKOTA

Armed Courier

“Lakota” is a Tomahawk-class courier ship owned and operated by a brother and sister team who employ three additional crew members. This class of ship was designed as a fast, multipurpose transport and it has seen considerable success since its launch a few years back. Many captains appreciate the armament, spacious cargo deck, and dedicated vehicle bay. The installed systems emphasize defense over offence, but the turrets and missile launcher can still be very effective in the hands of trained personnel.

At 195 feet long, the three-deck ship has a sizable hold suitable for either cargo or fighter craft. The main deck has an additional bay for a ground car or small fighter like the Stormcrow (a Sparrowhawk variant) currently carried. Lakota is an excellent ship for a group of up to seven whether they are hauling cargo, exploring beyond the civilized worlds, or running danagerous missions. Variant map pages (provided in color and black-and-white) can turn the cargo hold into a passenger deck or swap out some crew cabins for prisoner cells - just the thing for bounty hunting.

The .zip file contains the following:

- Overview
    - 17 page PDF file detailing the ship, interior areas, and crew.
    - Open Game License stats provided for the vessel and crew.
- Map Book
    - Full-color 18 page PDF file containing complete interior maps.
    - Includes miniature-scale maps for tactical combat.
    - Broken into pages for easy printing.
- Printer friendly, black and white version of the map book.
- Miniature-scale composite map of the ship interior.
    - A poster-sized, 24x36 inch, 150 dpi, color JPEG image.
- Art directory with rendered images of Lakota and the Stormcrow-class fighter.

Starfinder stats, demo documents, and art are available free at **0-hr.com**

Like all of the Future Armada ships, Lakota is meant to be useful to game masters and players alike. Story, stats, and maps are all easily separated. Keep what you like & change what want, it's in your hands.
